

Charlie and Lola

## Lola's Mobile

### You will need

Print-outs  
Safety scissors  
Sticky tape  
Lollypop sticks  
Colouring pencils  
Wool or string

Remember to ask  
a grown-up for help

1

First, you'll need to print off the pictures and stick them to cardboard. You need to stick the opposite picture on the same piece of cardboard because your mobile will spin!

2

Colour in your pictures with your best pencils or pens so that they look bright and colourful. Now you need to put all your pictures together so you can hang them from the ceiling.

3

Take two pieces of ribbon or string, making sure that they are two different lengths. Attach the string to the picture with sticky tape. Now stick one end of a lollypop stick. Do the same on the other side of the stick.

## Charlie and Lola Lola's Mobile

4

Now do this again with two other pictures. Your mobile is nearly ready!

5

Now using one big lollypop stick (or two stuck together) attach the two chains to either side using sticky tape. Using a really long piece of string, stick the butterfly in the middle. Now your mobile is finished, you can hang it in your bedroom.
