

Mister Maker

Cute squirrel

You will need

A cardboard tube
Paper
Fun foam
Glue
Marker pen
Scissors (grown-up use only)
Stickers
A small pom-pom
Strip of fun fur

1

Scrunch some paper into a ball for the head. Then wrap it in a piece of paper, leaving a long piece for the neck.

3

Fold a piece of fun foam in half and draw an arm, a leg and a triangle for an ear. Carefully cut them all out. There should be two of everything. Stick on the ears, the arms and the legs.

5

Scrunch up a ball of tissue paper and stick it between the squirrel's hands to make a berry.

Remember to ask a grown-up for help

2

Glue the head and neck into the cardboard tube.

4

Add a line of glue along the back of the fun fur. Fold the long edges into the middle and stick them down. Stick the fur to the back of the tube and glue it into a curly tail shape.

6

Add stickers for eyes and teeth. Add a small pom-pom for a nose and a small sticker for a berry leaf.
