

Octonauts

# Socktonaut

## You will need

An old sock  
Rice  
Elastic band  
Marker pen  
Stickers  
Scissors

Remember to ask a grown-up for help

1

Pour a small amount of rice into the sock and push it down to the bottom.

2

Tie your elastic band onto the sock to secure the rice. You now have your Socktonaut's head.

3

Use the marker pen to make eyes on the stickers. If you don't have circle stickers, with a grown-up's help cut out any shape you want. Then stick the eyes on to your sock.

4

With your marker pen, draw two vertical lines to make a nose and then draw a mouth.

5

With a grown-up's help, cut strips in to the rest of your sock to make tentacles. Your Socktonaut is now complete!
