

## You will need

1

Ask a grown-up to help you carefully cut around the large cones inside the middle of an egg box.

3

Next, cut the bottom off the cone, dip it into the glue and stick it onto another piece of card. Once it's dry, carefully cut around the bottom.

5

To make a treasure chest, paint another egg box brown. Use gold paint inside the box, and also for the hinges and lock. Then use a black pen to add some detail to the wood.

2

Dip the top of the cone into some glue and stick it onto a piece of card. When it's dry, carefully cut around the top of the cone.

4

You can decorate your cones with tin foil or brush on lots of glue and roll them in glitter.
