You will need

Card
Pencil
Scissors
Modelling clay or
sticky tack
Ribbon
Bits and bobs to
decorate

1

Fold your card in half and draw a wing shape on one side.

2

Ask a grown-up to help you cut out your wing shape.

3

Now make four holes in the wings, two on either side of the fold.

4

Gently thread a length of ribbon through each pair of holes to make straps. Tie knots in the ribbon at the back of the card to secure.

5

Decorate your wings with any bits and bobs you like. Now you have a pair of Tree Fu wings to put on your teddy!
